Finnet Trust

P.O BOX 48179 - 00100

Westlands, Nairobi

Dear Hiring Manager,

RE: Application for the I.T Officer position.

I am writing to express my interest in the IT Officer position at Finnet Trust. With a strong background in IT systems management, security, and user support, I am excited about the opportunity to contribute to your organization's mission of delivering trusted services across governance consulting, pension advisory, employee benefits, insurance risk intermediation, and training.

In my previous roles, I have successfully managed servers, networks, firewalls, and VPNs, ensuring secure and reliable IT infrastructure. I am experienced in enforcing security policies, performing regular backups, and monitoring systems for vulnerabilities or breaches. My technical expertise is complemented by a commitment to providing timely user support, including troubleshooting issues and delivering user training to enhance IT literacy across teams.

Additionally, I have hands-on experience maintaining enterprise software and coordinating with vendors to ensure systems remain updated and efficient. I also take pride in maintaining accurate IT asset inventories, overseeing procurement, and managing hardware and software lifecycles to optimize resource utilization. Documenting systems, preparing technical reports, and supporting audits are areas where I consistently deliver thorough and organized results.

I am confident my skills and proactive approach to IT management will align well with Finnet Trust's goals and expectations. I look forward to the opportunity to discuss how I can support your IT operations and contribute to a secure and efficient technology environment.

Thank you for considering my application.

Kind regards,
Kirimi Abigael K.
