To Whom It May Concern

Dear Sir/Madam,

Re: Internship for: Kirimi Abigael K.
Registration No. 1049507

The above named is a 4th year student taking a four -year Degree programme at The Catholic University of Eastern Africa in the Faculty of Science, Department of Computer and Information Science. The student is pursuing a Bachelor of Science in Computer.

The Faculty believes that through industrial internship the student will be able to tap a wide range of experience, skills and knowledge that would be difficult to replicate in a classroom setting or through written material alone.

To expedite the process, we are therefore, requesting you to consider our student for internship and perhaps, let us know how we can proceed to establish the envisaged inter-organization linkage.

I highly recommend the student for any internship that may exist in your esteemed firm.
